We will meet in the Fellowship hall on the lower floor. Please plan on parking in the Charlotte street lot.</p> <p>Fly tying hour will feature striper flies. If you have an extra vise, tools and materials, please bring them! We have some new members who would like to learn.</p> <p>The meeting will cover the ins and outs of fly fishing the spring striper run in and around Fredericksburg. Please come prepared to pass around some of your favorite flies and talk about your favorite places, fly gear and techniques. We'd also like to hear some shad fishing stories - especially those of us who still struggle to "break the code".</p> <p>Reminder: The Fort A.P. Hill Earth Day celebration is scheduled the same day from 10:00am to 2:00pm. If you are available to help with fly tying or fly casting, please let me know. I need to provide a list to base security so I can get vehicle passes for everyone. If you're interested in carpooling from my place in King George, please let me know that too. I can take up to four additional anglers. I plan to get there early so I can have everything set up before 10:00am.</p> <p>Reminder: Those interested in volunteering to help with our 23 April Ely's Ford cleanup, from 9:00am to 10:30am, please let me know. This is followed by an Earth Day celebration at Old Mill Park from 11:00am to 4:00pm. If you'd like to help there with fly tying or fly casting, please contact me.</p> <p>There is still time to join the 2016 Angler of the Year challenge! Please contact Dan Dutton if you're interested. The cost is a mere \$10 to help defray the cost of awards and support the club. Keep an eye on the bulletin board for the word of the month and bring your fishy photos to the meeting.</p> <p>Tight Lines, Pete Adams</p>

How do i know...glad you asked. several weeks ago I was on the eastern shore with some friends in out Kayaks chasing Bull reds with Bait and lures. One of the group who also fly fishes told me to bring my fly rod and we would chase some puppy drum in case the big bull didn't cooperate. well they didn't and we went in search of smaller reds. My friend was using deceivers and clousers with limited success. Each and every one of the imitations I tied caught fish to the point of being destroyed(it could also be I tie a fly that cant take a beating).....the reason that there are only five is that I ran out of material.....

I hope that the sick ones are better and that the rest have good excuses. I am unhappy that "fisherman of the year" money went home with someone else without any certified results nor apparent action on the protest that I filled. Not really. Congratulations, Gary.

offline	Hi guys...I'm glad the party went off well...It was very important to me that it did.....My Dad went into the hospital on the monday before the meeting and I called Tony to tell him I would not be there I Had the trophies at the house and thought Tony could get them and take them to the party.....I left for NewYork assured everything would be taken care of and that we should put the trophy presentation off till the January Meeting... About the time I had to run out of the ICU for the third time to answer questions from Scafafas about how we wanted the party set up, and after unsuccessfully trying to make contact with Tony since 11 am that morning, not realizing he was sick(as I hadn't thought to check my email), I became extremely frustrated and done. I am no longer frustrated but i'm still done I will have the Trophies at the meeting for Tony to give out. It has been a pleasure to fish with you guys.

Let it be know to all interested party's on this day the 19th of December 2012 that there was no prize money involved in our Angler of the Year activity... Never was... Never will be! The \$5 entry fee (total \$70) went to the club, it was given to the winner by mistake due to a misunderstanding. It was returned... No problem!

Art, there's always next year; but this year Gary kicked your ass fair & square!

	We'll be talking about Smallmouth fishing on the Rappahannock and Rapidan rivers. Share a little and learn a lot. This will be a discussion with a lot of input from the club members.	
	Our club is lucky to have so many good smallmouth fishermen in it and such a good river right in our back yard so stop on by and maybe learn a thing or two.
