

FALMOUTH FLATS FLY FISHERS MONTHLY MEETING NOTES

Date: 19 June, 2024

Meeting Itinerary:

- In lieu of the standard meeting, we conducted a casting clinic at Old Mill Park. Instruction was provided by FFI master casters Chuck Abbott and Scott Allen, who graciously braved the I-95 summer traffic and volunteered their time to conduct the event.

- A pot-luck pic-nic dinner was held from 5:00 – 6:00 and the clinic from 6:00 to 7:30.

- The instructors divided the 33 attendees into an intermediate group and an advanced group. The intermediate group instruction focused on line control and proper casting techniques. The advanced group worked on distance techniques. Additionally, Craig Conover took new anglers and worked on the basics of fly rod casting.
